Excerpt from How to Play Whist: With the Laws and Etiquette of Whist, Whist-Whittlings, and Forty Fully-Annotated Games

The following chapters on the Theory and Practice of Whist originally appeared in Knowledge, and there had the advantage of the criticisms and suggestions of some of the finest exponents of the game. These criticisms have in many cases led to important modifications and improvements. The treatise has no claim to novelty as regards Whist principles; in fact, outside the modern Signalling system and the absolute rejection of the Singleton lead, there is very little difference between the Whist of to-day and the Whist of Hoyle and Matthews.

The method of presenting the Leads here adopted is much more easily followed than that usually employed. Learners are deterred by the multitudinous rules for leading from such and such hands, but grasp at once the rules for leading such and such cards. The gain in simplicity is great.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com)

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
