New Testament Theology: Magnifying God in Christ

Thomas R. Schreiner

New Testament Theology: Magnifying God in Christ Thomas R. Schreiner

While none of the New Testament documents claims to provide a "theology" on its own, Thomas Schreiner suggests that certain recurring themes emerge from the study of the whole. In this volume, he traces key themes as they appear throughout the New Testament canon, exploring the emphases that emerge from a detailed reading of the texts.

"Lucid, incisive, and above all devoted to listening to the text of the New Testament, Tom Schreiner's volume is like a cool drink in a postmodern desert. Schreiner unfolds the richness of New Testament theology through the lens of salvation history, showing how fruitful the promise-fulfillment, already-not yet paradigm is for understanding the New Testament. If you want a New Testament theology that is informed, exegetically grounded, canonically based, Trinitarian, and written from the standpoint of a sturdy faith, then this is the book for you!"--**Donald A. Hagner**, George Eldon Ladd Professor Emeritus of New Testament, Fuller Theological Seminary

"A magnificent achievement! Schreiner has combined the breadth and depth of his knowledge of the New Testament with extensive discussion of the scholarly literature. Best of all, it follows the New Testament in testifying to the majesty and glory of God."--**Simon J. Gathercole**, lecturer in New Testament studies, University of Cambridge

"Tom Schreiner's *New Testament Theology* is a valuable addition to the field, providing to students the kind of overview that only a seasoned scholar can produce. The volume is particularly significant for taking a more thematic approach than have most other New Testament theologies. Schreiner therefore comes closer than most others to giving us a genuine New Testament 'theology' (rather than New Testament 'theologies')."--**Douglas J. Moo**, Blanchard Professor of New Testament, Wheaton College

"Thomas Schreiner is known for being a skillful and careful New Testament scholar. In his *New Testament Theology* his abilities and his clear, concise style are on full display as he gives us a synthetic account of this complex subject, an account that reflects his high view of Scripture. This is probably the best New Testament theology written in the last several decades from a decidedly Reformed and evangelical point of view. While I disagree with the analysis at various points, it is still a fine piece of work, and I am happy to commend it."--**Ben Witherington III**, professor of New Testament, Asbury Theological Seminary
