**Altered** Marnee Blake

**A new adult romance from Entangled's Embrace imprint...**

*When "normal" ends, survival begins...*

The sickness came on suddenly and violently. When it was done, waitress Blue Michaels was different in a really strange way. And the entire town of Glory was dead...except for her.

Only that's not exactly true. A handful of people made it, including U.S. Army Specialist Seth Campbell, who was caught in the wrong town at the worst time. He's fierce and protective, and way too good-looking. As much as they need a leader—as much as Blue wants to trust him—there are too many questions and not enough time for answers. Now they are hunted. But what their pursuers don't know is each of them has strange new powers. And they'll use their "gifts" to survive...no matter who stands in their way.
