Doodling is the hottest thing in scrapbooking and Maelynn Cheung is all over it. Her book gives step-by-step, fear-banishing instructions for putting your unique mark on all your papercraft projects.

You'll learn different doodling techniques and designs, what tools are necessary (and what aren't, but are a lot of fun), and how to easily adjust your handwriting to make it more artsy.

And if the idea of taking a pen to one of your pages makes you nervous, just wait until you get a look at all the projects inside. Each of these fantastic doodling designs was created--not by professional in-house designers--but by actual papercrafters just like you.
