The threat against banks is real and is happening now. Fintech startups have arrived, and instead of trying to create better, cheaper banks, they're reshaping the entire business model of banking: These startups don't need low-cost deposits, for one, and by innovating and taking risk, they're creating better user experiences and faster payments through tech-driven payment systems.

In his second book, author Nick Clements discusses these new business models and their leading players, along with the risks. He expounds on examples of real people who have benefited from these new products and services, and offers up actionable advice for how you, too, can bail on your bank and easily cash in on the fintech revolution.
