Enslaved by Aliens: A Sci-fi Alien Warrior Invasion Abduction Romance Ruth Anne Scott
Natalie Korman wakes up with one doozy of a hangover in a concrete box with bars instead of doors. She staggers across the room and wakes up her friend Tina from a semi-coma. They must have passed out in Bancroft Park and wound up in the holding cells. But Tina has been arrested enough times to know these aren't the police holding cells. Something is seriously wrong, and when three mysterious strangers enter the room leading their other two friends, the horrible shocking truth becomes all too clear: they've been abducted by aliens.

This startling realization pales in comparison, however, when their alien captors alter their physical make-up to suit their needs. Natalie comes to realize they want to use their Earthling captives as sex toys and pleasure objects. As awful as the prospect seems on the surface, Natalie responds to their modifications in a way she never expected. She rises into a strange world of pleasure, excitement, and mystery the like of which she never experienced before.

Before she knows what happened, Natalie descends into a surreal realm of passion, power, and intrigue. Her captors introduce her to an untapped reservoir of energy and potential that just might rocket Natalie into a world beyond her wildest dreams.

WARNING: This book contains dubious consent, strong language, scorching sex scenes, and possible violence. If you like sweet romance books, this is not for you. However, if you crave out of this world pleasure... read on. Only for the adult eyes!
