Compiling all eight installments initially released as ebooks, L.V. Ana's NORTHWOOD: THE COMPLETE SEASON 1 gives vampires back their bite. Tucked away in the Pacific Northwest, nestled between Seattle and the Canadian border, there exists a city unlike any other...for this city belongs to a vampire. For over a century, 500-year-old Rayviathae Northwood has protected and shaped her home, chasing away other predators while providing a safe haven for a select handful of her kind. The laws are simple: no hunting within city limits, and do not draw Ray's ire. Now, a threat looms on the horizon – The Sentinels of Antiquity have come to town. Zealots who've been killing vampires across the United States, the Sentinels have set their eyes on the refugees in Rayviathae's care. Only one thing is certain: Rayviathae will do anything to protect her people – human and vampire alike – and the sanctuary she's created here.
