There have been thousands of books put out about the Civil War, but none by a Civil War Buff, so I wrote one. This book was a produce of five years' work and puts the war in a way that casual fans of the war will be surprised at what took place. This book is in three parts: Civil War Timeline: the events, battles, politics, and personal observations of those who were a part of the war. Things that any good soldier of the Civil War should know: the weapons, uniforms, food, duties, marching, fighting, medical advice, and slang (with a little tribute to the Navy and Marines). Amazing Facts: starting with the issues, this part displays many facts that usually do not make it into the history books.
