Last Train Out E. Phillips Oppenheim

Described in his heyday as "the Prince of Storytellers", the name of E. Phillips Oppenheim was familiar to me pretty much only from the back covers of the Leslie Charteris novels I own in these Hodder yellow jacket editions. When I saw this one - in a book case in the garden of a cottage in the Welsh mountains containing books for sale to support education charities working in Africa - I was keen to take the chance to make my acquaintance with the author.

Last Train Out must be one of the earliest thrillers to describe the build up to the Second World War. Its story is built around the escape of a Jewish banker from Vienna to Switzerland from before the annexation of Austria by Germany in March 1938 to just after the declaration of war on Germany by Britain in France in September 1939 following the German invasion of Poland.

The hero of Last Train Out, Charles Mildenhall, is an upper class British adventurer, working for the Foreign Office in a role somewhere between a diplomat and a troubleshooting spy. It is he, for example, who travels to Poland to assure the leaders there that Britain and France would indeed honour their treaty commitments and declare war if a German invasion takes place.
