Renton Nimbus and the Keys of Time (Volume 1) The Brothers Lake

The Furai, an advanced alien race, are the only thing standing in the way of the bloodthirsty Ventron. The Ventron's vast numbers and desire for galactic conquest have put the universe in great peril. Renton Nimbus is a young Furai cadet, bearing a burden of service in the face of an overwhelming enemy. The Furai, however, have several big advantages over their vast and powerful foe: better weapons, faster ships, and a new biotechnology known as the Infusion. Desperate times have called for desperate measures, and the Furai Prime Magistrate has signed an order endorsing conscription of other species to bolster their dwindling numbers. Two earthlings have piqued the interest of the Furai conscription teams, and in short time find themselves in the middle of a war they know nothing about! All is not peaceful within the Furai conclave, political schemes and machinations abound, and trust is in short supply. Furai outlaws have also begun to organize, and threats from within and without darken the lives of all sentient beings in the known galaxies. Relentlessly pushing scientific theory as writers with *Renton Nimbus and the Keys of Time*, the Brothers Lake have crafted an extraordinary tale set in the modern age. Their detailed and imaginative universe is the setting for a gripping adventure of war, love, growth and personal sacrifice.
