**Southern Cross: Annuit Coeptis (CSA Confederate States of America, Volume 1) Dorvall**  
**What if the South won the Civil War?**

CSA Confederate States of America, from Sekwana Comics, is a seven-volume historical fiction series created by French author Dorvall and illustrated by Philip Renne. Offering an outsider's view of the Civil War and post-war period, this alternative history follows both the Confederacy after gaining its independence and the Union after suffering defeat. The series reveals all of the internal and external challenges this new nation will face. The reader will see how the South will stand up to new threats, New York will become a symbol of resistance, and the Confederacy will have to question itself to survive.

## **VOLUME 1: SOUTHERN CROSS: ANNUIT COEPTIS**

July 1863, Gettysburg, Pa. (July 1863) - For two days, General Robert E. Lee's Confederate army could not capitalize on any successes from the preceding days. Despite criticism from some of his junior officers, the old general is standing his ground and ready to engage the better established and optimized position of General Meade's troops. While Lee is insisting on a frontal attack, his right-hand man, Lieutenant General Longstreet believes it's an act of suicide. Longstreet instead favors a strategy of outflanking the opposition but Lee does not seem willing to alter his plans.

And yet, on the third day, against all expectations, General Lee chooses to follow Longstreet's recommendations. This sudden about-face will change the course of the war. In just a few months the Union is undone, and the Confederacy is recognized by the United States. The Confederacy's victory casts a new light on the entire North American continent.

In this context, three men and a woman take hold of their destiny. These four people, who are neither heroes nor superhuman, will earn both admiration and hatred from readers as this saga progresses.
