*Mr. Richard E. Pierson*

## **Directional Gravity, the World's Future Energy Source** Mr. Richard E. Pierson

The book describes the cause of gravity and how to use that information to extract a useful energy source which is inexhaustible and free. The mathematics showing how the cause of gravity was developed and the proof-of-theory test results are included in the book. Hardware development procedures are recommended. Many applications for Directional Gravity energy are listed including propulsion of surface, air, and space vehicles; and electricity generation.
