Linda Machin

Working with Loss and Grief: A Theoretical and Practical Approach Linda Machin

This updated second edition of *Working with Loss and Grief* provides a model for practitioners working with those who are grieving a significant life loss. Making clear connections between theory and practice, the 'Range of Response to Loss' model provides a theoretical 'compass' for recognising the wide variability in reaction to loss and the 'Adult Attitude to Grief' scale is a tool for 'mapping' individual grief and its change over time, providing an individual grief profile. Together these offer a framework for practitioners to:

- listen to stories of grief told by clients
- identify common patterns in grief
- recognize individual difference in grief response
- make assessments
- prompt therapeutic dialogue
- guide therapeutic focus and
- evaluate outcomes.

This edition includes: a new chapter on 'The RRL Model and a Pluralistic Approach to Counselling' ; two new case studies; additional content on vulnerability; new grief assessment tools and systems, and the latest research.

Dr Linda Machin is Honorary Research Fellow at Keele University, having been a Lecturer in Social Work and Counselling at Keele. She established a counselling service for the bereaved in North Staffordshire and continues to work as a researcher and freelance trainer.
