Even a goddess can have a bad day...

Keira, warrior-queen of the galaxy, is as famous for her beauty as she is for avoiding marriage. But when an upstart little planet called Earth threatens her world with its fleet of spaceships, the fate of her people lies in her hands. She must bind herself to a barbarian from the rogue world—or face the destruction of her own!

She's what he never knew he always wanted—

Confirmed bachelor Jared Jasper knows that the trick Earth pulls on the alien invaders isn't a permanent solution. What they need is a peace treaty. It just never occurs to him that he will wind up on the bargaining table. Playing the pushover groom to a mouthy alien babe who knows how to use a plasma sword is not exactly his idea of fun. But with six billion people depending on him, he doesn't have much choice—sleep with the enemy...or bring on interstellar war.

Strange bedfellows? You bet. But this alliance may turn into a romance the likes of which this galaxy's never seen!
