**Axiomático (Spanish Edition)** Greg Egan

Greg Egan nos brinda la que es, probablemente, la mejor antología de relatos de ciencia ficción publicada en los últimos 20 años. En este espectacular libro tenemos dieciocho relatos en los que el australiano explora con destreza y habilidad, temas como identidad personal, destino, manipulación genética, conspiraciones globales, o culpabilidad en una antología de referencia en la moderna ciencia ficción. Si alguien cree que la ciencia ficción está muerta es que no ha leído a Greg Egan, y, en particular, no ha leído esta antología. Las ideas son el motivo central de todos estos relatos. Dónde más brilla Egan es en los cuentos que tratan sobre el problema de la personalidad humana. Axiomático, Ver y Cercanía son otras tantas visiones de cómo nuestra biología y la estructura neurológica de nuestros cerebros dan forma a quiénes somos.
