The world's most lethal computer virus has been unleashed into cyberspace, and now the Urban Outlaws-five tough kids dedicated to justice-must destroy it. Leader Jack knows that they have to shut it down before it throws the world into chaos. But how can he find a virus that might be anywhere, and everywhere?

Then the team meets Hector, an insanely talented hacker who even impresses Jack. The Urban Outlaws need his help, but can they trust him? It's a risk that could mean winning big, or losing everything. . . .

This sensational sequel has all the makings of a blockbuster movie: non-stop action, cutting edge technology, and a high-stakes plot. But at the heart of this thrill ride is the story of five gutsy kids who will do anything to save the world-and protect each other.
