Justice (Leopard's Spots Book 10) Bailey Bradford

Leopard's Spots:

Snow leopards in Holton, Colorado—who'd have thought it? Yet on the large, sprawling acreage nestled between mountains, a family of snow leopard shifters not only lives but thrives. With little to no information about their past, how they came to be or what they are capable of, these shifters struggle to understand who and what they are.

Held together by the tough and loving matriarch, Grandma Marybeth, Levi and his siblings, along with their cousins, must find their way in the world.

Forgotten truths and familial ties are discovered as the snow leopard men find their mates.

Justice by Bailey Bradford

Book Ten in the Leopard's Spots series.

Recovering from his past might cost Paul Hardy his life.

Paul Hardy has been rescued from a human trafficking ring, but he isn't free. The experience has left him traumatised and unable to dig himself out of his past. He's learned things no one ever should—including that shifters exist and are every bit as vicious as the beasts they become.

Snow leopard shifter Justice Chalmers spent ten years in the Marines before moving back to Phoenix and working hard to get his dream job. Being a cop is all he's ever wanted. When his younger sister needs someone to drive her to their Grandma Marybeth's place in Colorado so she can try to help a human man with her new therapy license, Justice steps up to help her out, never imagining that he'll meet his mate.

Justice and Paul won't have it easy. Not only does Paul have serious issues from his ordeal, his fear of shifters makes him a leery mate.

And someone wants to silence him permanently...

About the Author:

A native Texan, Bailey spends her days spinning stories around in her head, which has contributed to more than one incident of tripping over her own feet. Evenings are reserved for pounding away at the keyboard, as are early morning hours. Sleep? Doesn't happen much. Writing is too much fun, and there are too many characters bouncing about, tapping on Bailey's brain demanding to be let out.

Caffeine and chocolate are permanent fixtures in Bailey's office and are never far from hand at any given time. Removing either of those necessities from Bailey's presence can result in what is know as A Very, Very Scary Bailey and is not advised under any circumstances.
