Simulation Learning System for Physical Examination and Health Assessment (User Guide and Access Code), 6e Carolyn Jarvis PhD APN CNP

The Simulation Learning System (SLS) integrates simulation into your health assessment course by providing realistic scenarios and supportive learning resources that correspond to Jarvis: Physical Examination and Health Assessment, 6th Edition. The SLS offers targeted reading assignments and critical thinking exercises to prepare you for the simulation experience; access to patient data with a shift report and fully-functional electronic medical record (EMR); post-simulation exercises including charting and documentation activities in the EMR, reflective journaling, and concept mapping; and review resources including animations, videos, and textbook references. Simulation with the SLS is a complete learning experience that bridges the gap between lecture and clinicals to prepare you for the real world of nursing. **This product is intended to be used in an instructor-led course in order to access product content.**
