The Elements of Contract Drafting (American Casebook Series) George Kuney

This book is a practical, brief, to-the-point text covering the fundamental working parts of a contract and how one should be prepared. It provides an overview of the issues and processes involved in drafting contracts and transactional documents. It enables students to analyze the basic structure of contracts and other deal documents and develop the macro and micro techniques used to efficiently create those documents with precision and clarity. It provides the principles necessary for an understanding of the common structures of transactional documents and their provisions that can then be applied to specific transactions. Beyond structural drafting, this book also covers some of the substantive laws that may affect contracts. This book provides a standard structure that is ideal for a two- to three-credit-hour course taught by full-time or adjunct faculty.
