Elsevier's Integrated Review Genetics: With STUDENT CONSULT Online Access, 2e Linda R. Adkison PhD

Effectively merge basic science and clinical skills with Elsevier's Integrated Review Genetics, by Linda R. Adkison, PhD. This concise, high-yield title in the popular Integrated Review Series focuses on the core knowledge in genetics while linking that information to related concepts from other basic science disciplines. Case-based questions at the end of each chapter enable you to gauge your mastery of the material, and a color-coded format allows you to quickly find the specific guidance you need. Online access via www.studentconsult.com - included with your purchase - allows you to conveniently access the book's complete text and illustrations online as well as relevant content from other Student Consult titles. This concise and user-friendly reference provides crucial guidance for the early years of medical training and USMLE preparation.

- Spend more time reviewing and less time searching thanks to an extremely focused, "high-yield" presentation.
- Gauge your mastery of the material and build confidence with both case-based and USMLE-style questions that provide effective chapter review and quick practice for your exams.
- Access the full contents online at www.studentconsult.com where you'll find the complete text and illustrations, "Integration Links" to bonus content in other Student Consult titles, an interactive community center with a wealth of additional resources, and much more!
- Grasp and retain vital concepts more easily thanks to a color-coded format, succinct text, key concept boxes, tables, and dynamic illustrations that facilitate learning in a highly visual approach.
- Effectively review for problem-based courses with the help of text boxes that help you clearly see the clinical relevance of the material.

Great for visual learners!
