The secret to writing a Kindle Book that sells over the long-haul is to research, write and publish Kindle books that are in high-demand: --books on self-help, do-it-yourself, how-to topics --books that deliver solutions to everyday problems --books that provide help when it's needed most In short: Find out what readers want and give it to them. That's what "Self-Publishing Kindle Books That Sell" is all about: you get 150+ pages detailing simple strategies anyone can follow to uncover evergreen topics people will shell out cash for, day in and day out, and how to convert this simple information into easy-to-assemble Kindle Books. Do these strategies work? You bet they do! Read this testimonial one reviewer said about what you get: "After reading the review copy of 'Self-publishing Kindle Books that sell,' I was not surprised about being impressed with the quality. If you've read any of Steve Johnson's books before you, too, won't be surprised. Steve continues to provide value. The book includes, for instance, the significance of keyword phrases, along with a keyword phrase chart; an explanation of the importance of book covers; how to effectively title your book and its importance on complimenting the content." By serving up 8 popular, evergreen problems people urgently are trying to solve, you get inside track to craft a Kindle book around these problems and make it sell. The steps are clearly laid out. The focus is simple: + Deliver nonfiction Kindle books to a hungry market. + Price them low enough to make them an impulse item, high enough that you earn the top 70% royalty rate. + Write them well enough that your reader gets 100 times the value of what he or she paid for it. + Then publish another Kindle book in a related niche and repeat the process. Self-publishing is not a "One-And-Done" proposition. Your overriding goal is to publish an inter-related series of profitable books that help people get what they want in life. Look at the table of contents to see what you get for about the price of a cup of coffee: TABLE OF CONTENTS: Part 1: How to Get The Most Out Of This Book Part 2: How to Write Kindle Books That Sell Part 3: Shovel-Ready Kindle Book Research Reports To Kick-Start Your Next Ebook Topic Idea #1: "Back Pain" Topic Idea #2: "Reduce Fat" and "Lose Weight" Topic Idea #3: "Starting A Home Business" Topic Idea #4: "Build Self-Confidence" Topic Idea #5: "Save Money On Groceries" Topic Idea #6: "Online Dating" Topic Idea #7: "Save Your Relationship/Marriage" Topic Idea #8: "Help Your Child" Part 4: Getting Started Creating Your Next Kindle Book Part 5: Notes From The Author Part 6: Recommended Resources – Helpful links, advice, tools and books that can help you succeed as a self-published author Don't just read it. You will use this Kindle book to brainstorm and delve deep into your own know-how to extract "lessons learned" and offer readers your personalized advice and organize the solutions they are urgently seeking. This book can be likened to a map showing what the public wants to buy, and offering you outlines that save you time in getting started creating your book. This book does not guarantee that your book will be a bestseller. You might still write a lousy book that nobody likes. But I'm betting that when you have a clear vision of what people want to read, you'll be able to deliver a book that will meet a real need. And, when you deliver a real solution at a decent price, you will sell books. Not only that, but this book offers up proven advice to help you craft a better book description, identify keywords that trigger interest and desire from potential new customers, and even links to free digital images that you can use to decorate your Kindle book cover. This book is for all writers wanting to self-publish nonfiction, self-help, do-it-yourself, or "How-to" books. Order your copy today. Give this system a real shot. It works if you do.
