Classification des résultats de soins infirmiers: CRSI / NOC (French Edition) Sue Moorhead, Elizabeth Swanson, Marion Johnson, Meridean Maas, Project Iowa Outcomes

Cet ouvrage propose une classification qui présente les **résultats issus des interventions infirmières** observables chez le patient, et testés sur le terrain.

Il expose, dans une première partie une vue générale de la classification des résultats, puis détaille l'utilisation pratique de cette classification en pratique clinique, dans la recherche et dans l'enseignement. La deuxième partie explique la taxinomie des CRSI/NOC.

La troisième partie, **coeur de l'ouvrage**, présente **490 résultats**, classés en **7 grands domaines** à l'intérieur desquels ils apparaissent par **ordre alphabétique**, avec la terminologie utilisée dans la dernière édition du Nanda International 2012-2014.

La quatrième partie montre les liens existant entre les CRSI/NOC et les schémas de santé d'une part et les diagnostics infirmiers du Nanda international d'autre part. Une dernière partie liste les résultats essentiels pour les domaines de soins spécialisés.

Cette **2e édition** est la traduction de la 5e édition américaine de *Nursing Outcomes Classification (NOC)*.

Katherine Shadrick:

As a scholar exactly feel bored to reading. If their teacher asked them to go to the library or to make summary for some e-book, they are complained. Just very little students that has reading's soul or real their pastime. They just do what the instructor want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this
